-- It's Kitten Season --

"Kitten season" is the mating season of cats. The AACSPCA receives kittens, 0 days to a few weeks old, who still need time to grow. Starting at 8 weeks, they can head to their forever home.

Can I crash on your
couch?

The AACSPCA Foster program is looking for more fosters. Space is limited at no-kill shelters. Every time we place an animal in a foster home, we make room for another animal. The foster program places shelter animals in a temporary home where they are cared for until they are ready for adoption or are adopted.

If you are interested in becoming a foster parent please email:

Everyone loves the oldies.

Spayed or neutered pets live longer and happier lives.

Studies show that the benefits of spay/neuter surgery include a reduced risk of certain types of cancer, improvements in marking behaviors, a decreased desire to roam, and of course, less pet overpopulation in the community. Visit the Wisconsin Humane Society Spay/Neuter Clinic. High-quality. Low-cost.
